

WORKING WITH US AT National Recruiting Consultants

ABOUT US

We're incredibly excited that you're interested in joining our team! We can't wait to work alongside you on your next adventure. We are a small business based in DFW, Texas, currently staffing across Arizona, Colorado, Georgia, New Mexico, Texas, Virginia and Washington. We're actively working to branch into new states with the goal of becoming a national presence. While we may be small, our recruiting team of six amazing people is mighty and ready to help.

- AND MORE!

COMMON QUESTIONS

HOW DOES PAY WORK FOR CONTRACTORS?

Our goal here at National Recruiting Consultants is to get you a contract that pays what you make in a 12-month salary at a school, in a 36-to-44-week contract. The money that you make over holiday/summer breaks is front loaded into your weekly hourly paycheck. Pay varies contract to contract and is based on years of experience, location of contract, and job duties associated with the position. Our contractors are hourly W2 employees that submit weekly timesheets that are paid every Friday.

AM I PAID FOR SUMMER AND HOLIDAYS?

Unfortunately, contracted employees are only compensated while on an active assignment. Our school year contracts are standardly 38 work weeks (not including the breaks/holidays). Our goal is to get your full year salary goals in those 38 work weeks. So if you take your school year salary and break it up over 12 months paid monthly, you are getting that and more in just 38 weeks so it is more front loaded then spread out. If you pick up summer work with us that is just extra on top of the salary goal that you were not making during the school year contract.

HOW DOES THE WORK SCHEDULE & JOB DUTIES WORK FOR CONTRACTORS?

Here at National Recruiting Consultants, we are huge advocates for work/life harmony, so with our contracts being hourly employees you work your contracted hours per week and once you hit your hours, you sign off for the week. There is overtime potential at some of our locations that must be pre-approved, but if your school is wanting you to work over 40 hours you have that opportunity to gain time and a half, otherwise, you come back and work on it the following week. Job duties are assignment dependent. Most schools have contracted staff perform the same duties as their permanent staff while working within the contracted hours, so typically workloads are lighter to stay within the hours you are contracted for.

DO YOU PROVIDE GAS MILEAGE REIMBURSEMENTS?

Unfortunately, we do not provide gas mileage reimbursements, depending on the assignment location and distance you may be eligible for a gas bonus, where we add a taxable bonus to your weekly paycheck to help with gas costs.
